Legends of La Côte d'Azur

In 1887, French writer Stephen Liégeard attempted to define the allure of a strip of Mediterranean coast between Marseille and Italy — an emerging winter destination for Europe's wealthy and elite. His book was titled "La Côte d'Azur" and from that time forward, this "short but delicious" route along the Riviera coast of France and Italy would become known as such. English aristocracy began flocking to the area as early as the 18th century for a luxurious respite in what was often referred to as a coastal "garden of Eden." The addition of a railway line in the mid- to late-19th century ensured access to a dazzling enclave

of grand hotels and casinos that are now known collectively as the "Rivieras." Today, these sparkling coastlines famously epitomize a glamorous age that captured the popular imagination in everything from F. Scott Fitzgerald's novel "Tender is the Night" to the 1955 film set in Monaco, "To Catch a Thief" (starring American actress Grace Kelly, who became princess of Monaco!). Experience the best of this captivating region on our exclusive cruise itinerary, which takes you from Rome through Riviera ports — Cinque Terre, Portofino, Monaco and Nice — and lovely French towns, ending in Barcelona.
