- ✓ Kids and teens will delve deeper into the region's natural wonders with National Geographic Explorers-in-Training, our exclusive family program.

Itinerary

DAY 1

REYKJAVÍK, ICELAND/EMBARK

Arrive in Reykjavík, the world's northernmost capital, which lies just below the Arctic Circle. Transfer from the airport to the city and spend the day exploring at your own pace. Check in with the hospitality desk this afternoon before embarking the ship. (D)

DAY 2

DJÚPAVÍK

Enjoy a leisurely morning at sea learning about Iceland and its incredible biodiversity. Join your expedition staff on the bow as you keep watch for the close to 20 different whale species that call the Westfjords home.

Spend the afternoon on the remote eastern side of the Westfjords, boasting spectacular beauty and rich history. The tiny town of Djúpavík earned its place on the map thanks to the herring boom of the early 20th century. In its 1930s heyday, the local herring plant was the largest concrete structure in Iceland. Though the plant closed in 1954, it now serves as a small museum—a lasting reminder of the industry's golden age. Visit to learn about the vital role herring played in shaping Iceland's economy, then choose from a variety of active excursions in the surrounding mountains. (B,L,D)

DAY 3

SKAGAFJÖRÐUR

Skagafjörður is the gateway to North Iceland, known for its glacial rivers, Icelandic horses and saga history. Take a float trip on the Jökulsá River or visit a historic turf farm to understand rural life in Iceland, including the iconic Icelandic horses. Finally, learn about Grettir the Strong and the saga named after him by exploring Drangey Island and spotting the multitudes of birds that call the island home, like kittiwakes, shearwaters and possibly even ravens and gyrfalcons. (B,L,D)

DAYS 4-5

EAST COAST OF GREENLAND

Cross the Denmark Strait to the remote, rugged shores of Eastern Greenland, where tidewater glaciers calve off the country's vast ice cap. This region offers incredible opportunities to navigate the coastline amongst the ice flowing southward from the North Pole, where Zodiac cruising, kayaking and hiking might all be possible, depending on ice conditions. Designed to offer a glimpse into the dynamic ecosystem Greenland offers, navigate these waters as a modern-day explorer, spend time on the Bridge or at the ship's rail, scanning the landscape and waterline for the unique wildlife that inhabits this remote region. Keep watch for humpbacks, beluga whales and seals as well as the elusive narwhal and polar bear. (B,L,D)

DAYS 6-7

● **WESTFJORDS OF ICELAND**

Explore the serene and scenic Westfjords of Iceland, beginning with a visit to Ísafjarðardjúp and the charming island of Vigur. Here, you'll tour a traditional eider farm and learn about the centuries-old process of collecting and cleaning eiderdown. The island is also home to thriving bird colonies, including a puffin colony supported through a collaborative project between Lindblad Expeditions and the island's owners—an effort to create a safer habitat for the birds and improve research facilities for local scientists. The next day, explore yet another stunning, remote fjord, where expedition activities may include hikes along coastal trails leading to a dramatic waterfall. (B,L,D)

DAY 8

● **REYKJAVÍK/DISEMBARK**

Disembark in Reykjavík and transfer to the airport for flights home. (B)
