KENYA SAFARI

THE BIG 5

Orbridge

Black Rhino • Leopard • Elephant • Buffalo • Lion

Dear Texas Ex,

Venture with us into the heart of Kenya's wilderness, gaining unparalleled access to its national parks, reserves and conservancies. This 10-day epic journey provides numerous opportunities to witness The Big 5 (endangered black rhino, leopard, elephant, buffalo and lion) and a plethora of other wildlife in their natural environment.

Visit three world-class conservancies and reserves: Ol Pejeta Conservancy, Samburu National Reserve and Maasai Mara National Reserve. Each play pivotal roles in rescuing and rehabilitating at-risk wildlife, protecting endangered species, preserving the ecosystems and biodiversity of the region, and educating local youth.

Trek aboard 4x4 safari vehicles through the savanna plains during legendary game drives with expert guides who will enrich your experience through their knowledge, dedication and enthusiasm.

During community visits, engage with locals for a deeper understanding of their rich cultures and vibrant traditions.

After exhilarating days of exploration, retreat to luxurious lodges and tented camps, each offering exceptional hospitality and superior amenities.

This outstanding itinerary is brought to you by the Texas Exes Flying Longhorns travel program, which supports the association's mission of promoting and protecting The University of Texas at Austin and uniting its alumni around the world. While you do not have to be an alumnus of UT to travel with us, we do ask that all Flying Longhorns travelers have an active membership in the Texas Exes. Memberships start at just \$50.

The association is a huge proponent of continuing education and there is no better classroom than our world. Experience stunning natural beauty and rich culture in the company of your fellow Longhorns! Are you ready for the adventure of a lifetime? We're standing by to answer all of your questions and take your reservation. Capacity is limited on this popular program and it may sell out quickly.
